## TO WHOM IT MAY CONCERN

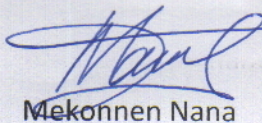

Consortium of Reproductive Health Associations (CORHA) is pleased to provide this letter of reference about **Eshet Children and Youth Development Organization (ECYDO)**. It is one of our active member organizations that has substantial experience and successful track records on implementation of diverse Adolescent and Youth Reproductive Health (AYRH) program implementations.

ECYDO, with financial and technical support of CORHA had implemented project entitled "**Youth Deserve the Comprehensive SRH Information and Services**" in 2014 for one year. Within this short implementation period, we have observed that ECYDO has the potential to meet successfully the desired outcomes of the project and scale up program components and geographic areas of its AYRH Programs.

ECYDO also participated in capacity building programs of CORHA through the USAID financial support for three years from 2014 to 2016 and has developed the organizational capacity to meet successfully the desired outcomes of the projects/programs in their strategic focus areas.

We therefore, recommend ECYDO for partnership with donors and other stakeholders that have interest to advance SRH programs particularly adolescent and youth reproductive health (AYRH) related projects since the organization has credibility in terms of delivering the intended results and timely submission of activity and financial reports.

With Best regards,

A handwritten signature in blue ink, appearing to read 'Mekonnen Nana'.

Mekonnen Nana

Program Director, CORHA
